Prof Goodale.

My Dear Sir -

A note from  
Doer fery, which comes to  
me in a roundabout way  
through you via. Dulster - is to  
reprove me for not having sent  
to Burnham the 2<sup>d</sup> vol of  
the California Flora. He - B -  
is at work upon the grasses for  
General Plantarum, and wishes  
the vol. especially for that por-  
tion. I am glad to learn  
thus indirectly, that the 2<sup>d</sup> volume  
is published. Will you now  
kindly tell me who has charge  
of the publication in Watson's (as  
I infer) absence? Perhaps, assuming

that the Vol. is published, you had better ask whoever may have it in charge, to send me four copies, and say that I will account to Watson for the same -

I do not know why I should bother you about this. Except on the principle that "one good turn deserves another" - You have been troubled to forward Doct. Fay's note, and one turn more is to help me to know about the volumes.

I feel less hesitation about the matter than I should were I not always ready & willing to serve you in any such way.

Very Truly

George Thurber
