

Crawfordsville, Ind., Dec. 12 - 89

My dear Mr. Watson:

What about Eriogynia uniflora

Watson? I am very anxious to get a good plate of it made. I sent you on some better material, & I have a splendid sheet of it.

If you could turn it over to Mr. C. E. Faxon, with directions what Plain <sup>to draw, & prepare for</sup> <sup>me</sup> a Jamaica drawing for a plate, I will pay the bill & have the plate made. You can then describe

it, with remarks on "elevating" Eriogynia,

etc., etc. It would be a nice piece

of work for an early number of the

Gazette.

Yrs. always

John M. Coulter.
