

Cambridge 30th August 72

Dear Prof Gray.

I was so unwell yesterday that I was unable to walk to the Garden and see you again, which I much regret. I have therefore to say good bye by this note and to thank you for your obliging kindness and good help. - All is fixed with the printer here for the forwarding of the proof. - I have thought much about the possibility of arranging Sullivant's collection and of preparing at the same time the materials for a synopsis of the M. S. Mones. This work must be done and certainly if I can find time soon I will undertake it and try my hand at it. Sullivant has prepared it in his herbarium and it would certainly be an easy task to put it in good shape for future American biologists. - When I have

seen Mr. Jos. Sullivan & will write
you and tell you what he thinks of
your arrangements which are certainly
for the best.

Please to remember me very respectfully
to Mrs. Gray

Your friend very truly
S. L. Garrison
