

Columbus O. 15<sup>th</sup>. April 89.

Dear Prof. Gray.

Could you, without too much trouble find among your pamphlets Lindberg's *Manipulus Musc. secundus* 1874. He sent me a copy through Sullivant, but it has been probably lost, for I never received it. He wrote to me about and said he was sorry he could not send another, but that yourself or Sullivant could lend it to me. James has seen it at you. It has a remark on Thuridium which I greatly want to see. If you can not find it without taking too much of your time, please let me know and I will write Lindberg for that note.

I hope that this will find you in good health

Yours friend respectfully

A. Sequeira

What will become of James' collection and books. He had offered to lend me some of them. I may need the *Systemaceae* of *Boutin* wait but not now.
