better.

I enclose letter received
this evening from Wright
I have muddled & muddled
much for Carlisle and would
like the seeds before I go

D. B. I hope to run
down to Boston the be-
ginning of September

Dear Dr.

In forwarding a box
with a package of plants
from Germany, I have ad-
ded 4 vials recently received
from Xantus, by permission Prof. Hervey

I also send some
Xantusian seeds. Please
divide and send back say-
half for the National Green-
house here. I would have made
the division but thought you
might wish to see the whole
lot. Don't forget to save the second

best series of Xantusians for
the Hungarian Nat. Museum.
at Pesth. (the first for S. J.)

The remainder better distrib-
ute in the best interest of science.
If any could be sold (after
you are supplied) for Xantus
