

Vallejos June 25<sup>th</sup> 1878.

Dear Sir,

Your favor of 10<sup>th</sup> inst. has just come to hand and I am glad to hear that the *Epilobium* have reached you safely; enclosed please find \$4.75 for freight.

I have just written to secure a copy of your new *Flora*, which M<sup>r</sup> Boissier has seen at M<sup>r</sup> de Candolle's. -

M<sup>r</sup> Boissier received a few months ago the invoice of M<sup>r</sup> Watson

of which I had a ~~at~~ most interesting share, and for which please accept my sincere thanks. I will always be ready to subscribe to such additions of exsiccata of the American Flora.

We leave to-morrow, if God permits, for Holland and Mr Boissier with Dr Levier of Florence and Mr Leresche (two botanists) for Spain to explore the mountains of Asturias & Galicia. If we could take our 4 children

a such expedition, we could accompany them with enthusiasm.

Hoping that you will have found the *Quercus* a satisfactory addition, I thank you most sincerely for having trusted them to me so long.

Yours most respectfully

William Barbey

I had given orders to prepare the packages but our express Co would not do it, please excuse the trouble. —

Barbey, William. 1878. "Barbey, William June 25, 1878." *Asa Gray correspondence*
