

CROMWELL ROAD,

SOUTH KENSINGTON,

LONDON, S.W.

1 May 1882

My dear Dr Gray

I am sorry I cannot
help you out of your strait
in regard to Gilia multiflora,
Nutt. I cannot remember
your noticing any of
Gussone's plants in Nuttall's
Herbarium - nor can Mr
Britton - And certainly
this is not among them.

And Mr Britton's
enquiry in W. Silphium is

not much more satisfactory.

Mr Bennett did not notice
Pursh's S. reticulata for
he has not marked it in
the Prodromus. It may
have got early named
and placed in another
genus, where accident
only will discover it.

I am very much
obliged for your remembrance
of this pub^l. I hope
before long to undertake
the duplicate, and

to see what will be
of interest to you —
I am yet busy with
my public room, but
am getting it into shape.

Very faithfully yours

Benjamin Thomas

P.T.
