

Hermosillo Sonora

Oct 4 1888.

Dr. Sereno Watson.

Cambridge Mass.

Dear Sir.

Mr. C. G. Pringle told me a year ago to send any specimens of plants to you that I might gather.

I met him in Chihuahua where I had the pleasure of going out with him once to gather specimens. I am in the employ of the American Board as missionary here in Sonora and as I am fond of plants & flowers I always gather any that I see that are strangers to me or that are pretty.

These may be very common & familiar plants but they are not known to me. Will you please give the common name as well as Botanical name & property of each if they have any peculiar properties. I will be better situated to gather specimens in the

future, if spared, and will take  
pleasure in sending some from the  
mountains along the Sonora & Yaqui  
rivers in this state. These are from  
around Hermosillo & some from the  
border, between Arizona & Sonora.

Address in at Hermosillo Sonora  
Mexico via A. & N. M. R.R.

Very Sincerely yours  
M. A. Crawford.

Crawford, Matthew A. 1888. "Crawford, Matthew A. Oct. 4, 1888 [to S. Watson]." *Asa Gray correspondence*
