

Seneca Aug. 13⁸⁷ Oct.

My dear Mr. Watson:

I am under
many obligations for de-
terminations, just recd,

Dr. Gray says of Phlox
campanulata - "With all
my heart I ~~could not~~ ^{can not} find
the flowering specimens
you sent to Watson" I did
not say "Watson" did I?
it was Hoolson! I don't
suppose they were so sent
to Cambridge

Before I send this off
I will look through my
specimens of Phlox adspersa
& try & shake out a few
such that you may

try to cultivate if you
wish.

I wanted very much
to make a special trip
for seeds, but could not
do it.

Very truly yours,
Wm. C. Cusick.

Cusick, William C. 1887. "Cusick, William C. Oct. 13, 1887 [to S. Watson]." *Asa Gray correspondence*
