Samuel Watson, Esq -

Dear Sir - Since my
 distribution was ended I have
 overhauled my miscellaneous
 collections of the past year
 & have selected for your opinion
 of everything concerning which
 I have the least doubt -

Many of these are mere forms
 of plants common here - everything
 in S. Fla has a different aspect -
 Among them all you may find

something of interest.

I would like to have them examined before I go south again, & if any of them are of sufficient interest I will make sets of them -

I also put in a few things of which Dr. Sattinger sent me sets but with unreliable names.

All grasses I sent to Thurber - as I know you do not like them.

I conclude you sent out my bascule, as I have heard from the set sent to Prof. Ficknerman.

I concluded to send on all remaining sets, there being so many risks of loss or damage if kept here. Accordingly I put four sets of Fasc. - IV and three of Fasc. - III in a box & shipped them by Str. which sailed for the 8th inst. - As I could not prepay local expressage I concluded to let the charges follow & you can deduct all express when you make a remittance.

Hoping to hear from you soon
I remain
Yours very truly
A. H. Curtis.
