THE OWENS COLLEGE,  
MANCHESTER,

Dear Prof. Gray,

I began to finish an answer to your kind letter the day after I received it, but spilled some ink on it, & was at the time busy with my D.Sc. Exam. Wh. I have since passed, & have delayed to answer till now. I shall value most highly your photograph, & will forward one of myself as soon as I have one.

Your specimens will be very useful. I thoroughly realise the kindness & trouble they represent. I shall make use of them next time I get to a herbarium. Of course Ventenat is the author of B. reclinata not Michaux. Your series is prima facie very convincing. Prof. Williamson told me he was going to write to you.

With kind regards, & renewed thanks  
Very sincerely yours  
Maurice G. S. Galtsoff

P.S. I am not a Professor.
