Portland, Oregon.

Dec. 17th '81.

Mr. Watson.

Dear Sir, - I send you, with this, a bundle of plants, and if you are not too busy I shall be greatly obliged to you if you will name them for me. Some of these plants, it may seem to you, I could have looked up for myself; my reasons for sending them, however, are as follows. When I went out collecting this summer, I did not carry a large microscope, as my pack was too large, as it was; my small one I lost in the mountains. All my work, had to be accomplished with the eye, not a certain method for close

work. Another reason why I send
them now, is perhaps a selfish one.
Without thinking, I gave many of
these plants, on my return, to botan-
ical acquaintances, not thinking
that they could as well receive the
honor of discovery, if any of them
prove so, as I. Mr. Pringle, who has
been in our state, assured me
that you would be glad to receive
any such collection, and upon
his suggestion, I have taken the
liberty to address you.

Respect. yours.

L. F. Richardson.

471 7th St.

Portland.

Ogden at last, I have just

To save you any extra trouble, I send numbers.
Where I am wrong, please cross out.

Henderson, L. F. 1881. "Henderson, Louis F. Dec. 17, 1881 [to S. Watson]." *Asa Gray correspondence*
