

Acting Secy. Durham Green
London W. 28 July 99

My dear Dr. Gray

You have indeed performed a valuable
act of friendship by formal acknowledgment
of which is intended. I am so much a re-
publican in sentiment that I attach little im-
portance to honours & dignities; but I cannot
help feel that to be thus made an Hon. Member
of the great Amer. Academy is a distinction of
which any man may be justly proud.

I am immersed in John Oribidacca
of whom a new number, Six duplicates, I
give to you through Hubner. A ninth number is
in the press with the completion of Kurothally; &
when that is done I think the most difficult points
in the order will have been arranged. Hubner's collec-
tion is rich in Kels & Kurothally as you will see; they
in fact constitute the most interesting part of his lib.
So that nothing worthy of a paper for you now remains.
I will however try to find a subject mentioned in the
autumn. On next Monday I shall be occupied for more
than 4 mos. with my lectures.

Yours very truly
Wm. Lloyd Garrison
