FIELD MUSEUM OF NATURAL HISTORY
CHICAGO

February 16, 1917

My dear Dr. Farlow:-

You will pardon, I know, my delay in answering your letter of Jan. 4, when I tell you that this Museum has been closed for over a month on account of lack of coal.

I am sorry to state that the herbarium of this Museum has not a complete set of Blumer, Arizona plants. Of the numbers concerning which you inquire:

3472 (musci)
3549 (Hepatic)
3550 not in this herb.
3551 *Grimmia apocarpa* (L.) Hedw.
3555 (Musci)
3556 *Hypnum* sp.

This is a sad showing for names! If you desire them for examination I will gladly have them forwarded to you.

Sincerely yours

Curatorm Department of Botany

Ames, Oakes. 1917. "Arizona Plants." *William Gilson Farlow miscellaneous specimen lists : collectors A-B*
