

State Mus. Nat. Hist.
Albany, Jan 9th 1882

My Dear Sir;

I return the box you sent me before you went west with such specimens as I have been able to recognize, retaining a few of such rare or interesting forms as I desired. Three or four which I deemed new species are described in the October number of the Botanical Gazette. One, a Puccinia on leaves of *Viburnum pauciflorum*, I took the liberty to dedicate to you. It seemed to me a fine species.

Will try to get at the Arizona plants before long.

Very truly Yours
Chas. H. Peck.

I send the box by Express
