## C. G. PRINGLE, PLANTAE CUBENSES.

Von dieser wichtigen und seltenen Sammlung habe ich eine Zusam-  
menstellung von 50 Species zum Preise von M 30.— abzugeben.

## C. G. PRINGLE, PLANTAE MEXICANAE.

Aus dieser überaus seltenen und gesuchten Sammlung, die seit vielen  
Jahren vollkommen vergriffen ist, hat mir der Autor noch eine Zu-  
sammenstellung von 2000—3000 Species in tadellosen Exemplaren  
zum Verkaufe übertragen. Es dürfte sich nicht leicht wieder Ge-  
legenheit bieten, die zum Teil vom Erdboden vollkommen verschwun-  
denen Pflanzen zu beschaffen.
