

Manchester July 1 1882  
Mr. George E. Davenport  
Dear Sir

The Fern from  
Cal<sup>e</sup> seems to strike you as it did  
me. The first thing I noticed was  
the peculiar intense green color which  
is unusual in the Cheilanthes. I have  
only one other found which is a fresh  
new one and of which I sent you a  
pinna. I expect to see in a day or  
two one or more plants and will show  
them to you. It was found high up in a  
lonely canyon

Yours Res<sup>t</sup>  
J. Warren Merrill
