My Dear Sargent:

Your kind favor reaches me here where with my wife. I am taking a few weeks off from official duties.

In looking over the New Grenada north Mexican and other collections of Schott, I find that there are yet a few bundles that promise well in filices, and if his things are unpublished, I would be glad indeed to send the whole lot on to you, which if you judge them of sufficient interest to list for publication I should be glad to issue a publication of them, from your pen, in any shape, (and under your title and authorship) that you desire, the pamphlet to be uniform in size and typography with our Botanical Series.

Thanking you for your kindness in the determination of the fucatec things, remain
Very sincerely yours
C. F. Millspaugh.
