

BRITISH GUIANA PLANTS COLLECTED BY J. S. DE LA CRUZ

DISTRIBUTED BY H. A. GLEASON

The first distribution includes a total of 304 numbers. Since the original field numbers were much confused, new numbers 941 to 1244 inclusive have been assigned to them and appear on the labels, while the originals still appear on the tags. Each recipient of this distribution is requested to send any and all identifications to H. A. Gleason, who will promptly distribute them to the other purchasers of the sets.
