

Bethesda Md.

16 Apr. 1910.

Dear Prof Collins;

If you are not interested in the inclosed circular, will you please refer it to Mr. Preston?

I send a specimen of a new Mass. Sphagnum. It is called in my "Woods Hole" paper (p. 230) "Sphagnum (near Sph. dasyphyllum Warnst.)" It occurs at Woods Hole in a brackish situation. You may run across it in R. I.

Have saved up a little pile of mosses to send you, including some Catharinaea.

With best regards,
H. J. B.

Bartlett, Harley Harris. 1910. "Bartlett, Harley H. Apr. 16, 1910." *James Franklin Collins correspondence*
