

335 Packard St.,
Ann Arbor, Michigan,
25 May 1916.

Dear Collins;

I'm just running over some mail that should have been answered long ago, and find your card asking about my habitat and geographic distribution. The data are as follows: Acting Assistant Professor of Botany, University of Michigan. I have retained a connection with Washington, having been simply "demoted without prejudice" to \$1 per month. I am acting during the absence of Prof. Hus. If he comes back when his leave is up (three years) I'll go back to Washington or hunt elsewhere for an opening.

Still want Polytrichum and Catharinia? If you do, let me know, as I'm in a new locality and will be glad to gather some .

Cordially yours,

J. H. Bartlett
