Feb. 1904

Dear Mr. Collins: -

Many thanks for the two specimens
of Ditidium capitaceum. I see that your spec-

imens are truly compared with those given by
Lindquist. I have sent off to the New England
Botanical Club a set of Therman White's old Desfont
names - They were not very carefully named
as he does not seem to have followed up my
suggestions by any subsequent study.

Yours truly
R. E. Britton
