

Malden Oct 16 1907

Dear Mr. Collins.

The plant as *Spirogyra*
is Heurteirion confervicola, Näg., according
to the nomenclature of Hazen's monograph.
The material is the best I ever saw of the
species. Unfortunately, we distributed some
inferior material in the *Phycotheca*. No. 762,
under the name of Aphanochaete repens
A.Br.

Very truly

Frank S. Collins
