SHEFFIELD SCIENTIFIC SCHOOL OF YALE UNIVERSITY,

New Haven, Connecticut, Dec. 15, 1901.

My dear Mr. Collins :-

Several weeks ago I received a letter from you regarding the preliminary list of Hepaticae for Rhodora. I have the preparation of such a list underway and hope to be able to send it to you early next year. I would like to wait, however, until Macoun's catalogue of Canadian Hepaticae is published, since this makes several changes in names. I hope also to be able to consult Professor Underwood's herbarium

during the Christmas holidays,
and this will doubtless add
quite a little to my list.

Do you happen to have in
your herbarium any of the following
species from Rhode Island - most
of them occur in Bennett's list.

Aneura multifida✓, *A. palmata*✓, *A.*
pinguis✓, *Anthoceros punctatus*✓, Juny.
lanceolata (*Liochlaena*)✓, *Asterella tenella*
(*Fimbriaria*), *Cephalozia catenulata*✓, *C.*
curvifolia✓, *Chiloscyphus polyanthos*✓, *C.*
adscendens✓, *Conoceph. conicum*, Fossm.
Bromia angulosa✓, *F. pusilla*✓, *Fullania*
plana✓, *F. squarrosa*✓, *F. Virginica*, Geo.
Calys graveolens✓, *Grimaldia fragrans*,
Isobola Hutchinsiae, var. *Sullivanii*, Juny.

barbata✓, *J. Helleriana*✓, *J. incisa*✓, *J.*
ventricosa✓, *Lesounea calcarea*✓, *L.*
serpyllifolia✓, *Lepidozia setacea*✓, *Lun-*
ularia cruciata✓, *Mylia Taylori*, *Nardia*
crenulata✓, *Notothylas orbicularis*✓, *Oed-*
ochroma denudatum✓, *Porella pinnata*✓,
Precisia quadrata✓, *Radula tenuis*✓,
Reboulia hemisphaerica✓, *Riccia*
lutescens✓, *R. fluitans*✓, *R. natans*✓, *Trich-*
oclea lomentella✓, *Jung. polita*✓, *Metz-*
geria myriopoda✓, *Porella Thuyà*✓,
Riccia lamellosa✓.

All of these species have
 dashes in my list and I
 would be very glad to change
 some of them into crosses. Several

of the species in Bennett's list
are more or less doubtful for
the region in question and
may rest on incorrect deter-
minations.

If you should happen to
have any of these specimens
and would loan them to
me, I would be greatly
obliged as it would make
my list much more satisfactory.

Very sincerely yours,
Alexander W. Evans.
