SHEFFIELD SCIENTIFIC SCHOOL OF YALE UNIVERSITY.

New Haven, Connecticut, April 20, 1906.

Dear Mr. Collins:-

I enclose a list of the hepatics which you sent me for determination a short time ago. If you could spare me Rhode Island specimens of the three which I have marked with the sign "-", I would be very glad. These three species had been reported from your state, but I had not seen specimens. The other New England specimens all turn out to be old friends.

Very truly yours,

Alexander W. Evans.
