I dear Prof. Collins,
I write to thank you
for the letter which you have just
sent me, as I seldom see you now
I write on another subject on which I
should like to consult or I wish to get
some one to put in order our recent
moss acquisitions, among other
things is the collection of mosses
mainly American which I thought of

the estate of Renauld. I hardly know
whether they had better be kept as a
separate collection or inserted in
the general collection, at any
rate, I shall need to have some
one to arrange them who has a
knowledge of mosses. I suppose that
you are now too busy to find time
to do the work even if you wished
to. Do you know any one who
could?

Yours, very truly
W. G. Hallon.
