

Readville Mass
21 Dec 1899.

Dear Mr Collins

I have copied this
list and send it
+ Dr Robinson's letter
on to you —

I have not enough
knowledge of the
pleurocarpous mosses
to hazard an opinion
on the names and
think you ought to
be judge of it — as
it is in Maine &
perhaps you have
collected not far
from the Iron works.

I hope you are very well.
I am in a variable condition,
but not much disposed to
undertake any arduous work.
I wish you & your family
a very Merry Christmas,

Sincerely Yrs

Wm. G. Kennedy.

On general principles,
I think the publication
Even of short lists
of plants is to be
commended, if they
are not too faulty,
as they stimulate
study & collecting.
I suppose Cheney's
name is sufficient
guarantee for
most of the rarities.
Does Merrill know
that you are
giving special
attention to the
Maine mosses?

Kennedy, George G. 1899. "Kennedy, George G. Dec. 21, 1899." *James Franklin Collins correspondence*
