My dear Collins,

The young woman
who mounts my plants
has seen your photo.
of the *Sarracenia* &
very much desires
one. She takes photos
& does all the work
on them & has frequently
sold them for calendars
& other purposes.

She says she should
get 30 cts for such a
size photo & she has
proposed to purchase
one from you at that
figure if you are
willing to dispose of one
to her.

This is entirely a business proposition & she would be glad to have the picture.

She as well as every body else has very much admired the photos you sent me.

Did you notice in the Jan Bryologist that Prof Holzinger credits my *Seligeria* to Connecticut. I think he was deceived by my label, as I probably wrote Ct. and he read Ct.

I have sent a little explanatory note to

Grant to insert in the next number of the Bryologist.

Truly yrs
