Geo. W. Letterman,
County School Superintendent,
St. Louis County.

Atenton, Mo. March 14, 1891,

Mr. J. F. Collins
Providence, R. I.

Dear Sir,

The postmaster here informs me to day that you wrote him requesting information about the package of plants mailed to me some time since.

I am glad to say (for the second time) that the plants and labels have been duly received and that all are quite satisfactory. Immediately after the receipt of your specimens, I wrote you from Clayton, the Co. seat, putting my letter in with the other Court house mail. I regret the delay in sending your package, but I am now at work on it, and I hope to get it off in a day or two. At this season I am kept away from home a good deal on official affairs, but I shall

do my very best to start your bundle
early next week.

Very respectfully,

Geo. W. Litterman
