

Orono, Me., July 14, 1892.

Dear Mr. Thompson;

Your letter of the 11th and Mr. Parlin's notes are both at hand. The Notes are very valuable, and coming from a careful worker like Mr. Parlin can be relied upon.

I am particularly interested in the tree of *Gleditschia* you speak of, and am surprised that it grows successfully in the State, although Michaux makes note of it at Montreal.

I shall probably reach Portland on my return to Cambridge about the second week in August, and shall plan to stop there a

few days. Hope I may see you,
and then we will compare
additions and corrections in the
Catalogue.

Very truly yours,

Merritt Lyndon Fernald.
