

West Pembroke, Mo.
August 20, 1909

Dear Dr. Robinson

or Whorner is in charge:

I have just shipped by American Express three boxes; two of them containing specimens; the other, three presses of wet plants.

The presses are in the largest box (square top) and contain many very wet things.

If they can be taken out conveniently and given a change or two of driers before I reach the Herbarium on Thursday morning it will do them good.

We have been held up by rain for three days and happen to have in a lot of saltmarsh things, including a new Suaeda

and critical material in Polygonum
H.

We go to Orono in the morning,
and Whipple and I shall spend
a couple of days in the time-worn
regions of Penobscot Bay. If
all goes well we shall go to Cambridge
Wednesday afternoon - I hope
all goes well at the Herbarium.
With warm regards to all,

Sincerely Yours,
M. L. Fernald

Fernald, Merritt Lyndon. 1909. "Fernald, Merritt Lyndon Aug. 30, 1909 [Fernald to B.L. Robinson]." *Merritt Lyndon Fernald correspondence*
