

Yarmouth N.S. Sept. 6, 1920

I shall reach Boston Saturday morning and, as  
quickly as I can get the boxes of specimens from the  
strainer & secure a truckman, come to the Herb.  
Kindly ask the Head Gardener to have the gate  
ready so that we can drive in to the basement  
of the Kidder Wing. Unfortunately the coastal  
plain plants are just beginning to show in force  
as we are leaving - for the lake shores are only now  
becoming accessible. We visited a lake Saturday &  
got 18 novelties including the Cape Cod Sabatia and its allies.  
Today the last field trip. M. X. F.
