Professor M. L. Fernald
Gray Herbarium
Garden Street
Cambridge, Mass.

Dear Professor Fernald:

Thank you for your letter of November 27th.

I am delighted to hear about Mr. Albert N. Steward. He sounds like a very good man for our purpose. Of course, I would be delighted to talk the problem over with you and with him and I will be delighted to go out to Cambridge and meet you and him in the Herbarium if that would be convenient. In the afternoons, I have to be in my office so I hope this appointment can be arranged in the morning. What I will do will be to telephone in a day or two and ask for a convenient hour.

In the meantime, I am sending you three reprints which may be of interest since they show the kind of work that has already been done on this problem.

Yours sincerely,

Francis M. Rackemann.

*Perhaps I have sent these reprints before.
If so. Mr. Steward may like them.
Sincerely,*
