Dear J. F. C.

I send herewith Lieferungen ~~226~~²²⁷ and 8 of the Natürlichen Pflanzenfamilien. Hope you receive it O.K., I will charge the same on account. The bill only reads 3 marks each, which is unusually cheap for a ^{double} fascicle.

All well here, and the snow is at last going to leave us no one seems to feel sorry in the least. Saw Dr. Feltows and Norton yesterday both of them are in good health. Dr. F. & N. say with you field meeting wholly for ~~the~~ Oxford, Dr. F. will attend to r.r. rates, and advise me. Then I will fix up return postcard notices and mail them so as to receive as many answers as possible in May.

I enclose a letter from Miss Fisher & a p.c. from another man. Will you see what you think of em, then send them to me in N. York, as I want to answer them the first of the week. Sorry I can't stop over in Providence to see you all, and sorry too I can't be at the N. E. Club tonight, but it's no go.

All as usual, with regards

E. B. C.
