

PRINGLE & HORSFORD,

CHOICE NOVELTIES,

NORTH AMERICAN
PLANTS AND SEEDS.

Charlotte, Vermont,
U. S. A.

Bair Dr. Gray, 18, Dec. 1885.

"Cardenas" of Grigg prob-
ably is the same place as
"Cadoma" of Wisslerius, p[26],
"a large hacienda in northeastern
Durango and on the road
leading from Chihuahua to
the city of Durango, which Grigg
must have travelled.

My 56 (not 54,) *Gnolobus*
was found, a single clump,
in a valley about 40 miles south
of Chihuahua, and some 200
north of "Cardena".

No plants elude me like
Asclepiads, — single plants here
and there, stumbled upon as
one travels, and often it is impossible
to get material enough for sets.

Yours truly, Pringle.

Nothing but the address to be on this side.

Mr. Asa Gray,
Botanic Garden,
Cambridge,
Mass.

Pringle, Cyrus G. 1885. "Pringle, Cyrus Guernsey Dec. 18, 1885 [Pringle to A. Gray] [postcard]." *Cyrus Guernsey Pringle letters to Asa Gray*
