

Charlotte, Vermont.

10, Jan., 1886.

Dear Dr. Gray,

You are right; and it may be politic to ask for passes, etc. over only two divisions of the Mex. Cent. R.R., that is between El Paso and Jimulco. I don't care, if I am limited to that range; and it were better, since the Sierra Madre is my goal; and one or two prints in the Sierra Madre might employ me an entire season. Should the Apaches make the northern mountains unsafe, I might take stage from Jimulco to Durango, whence a trail to Mazatlan leads through the mountains, with passes and free baggage

as far down as Jimulco, I should be equipped for an active and profitable season; and as able, I ~~will~~ should think, visit the Jimulco Mts. two or three times at favorable seasons, to glean the 100 good things known to me about Chihuahua, and to penetrate the Sierra Madre in several places; and that were enough for one season —

Now I send my stock of 293 for you to examine —

I am getting out for the purchasers of my Pacific Slope plants a host of corrections and profound synonymy, and used to have your new Supplement. Could you send me a copy, and inform me of the price? A phon tell me when to apply?

Yours sincerely,
C. G. Pringle.
