

Charlotte, Vermont.

17. Jan., 1887.

Dear Mr. Watson,

In 1880 I brought home from Canada flowers of *Iris tridentata*; did I send some to your herbarium?

And I brought home roots also; and the plants have flowered in my garden each year since. The species is abundant on the rocky shores of the St. Lawrence about the wharf at Riviere du Loup (en Bas) with *Empetrum*, *Poa pratensis*, *Carex atrata*, etc.

Thanks for the name.

Mr. Foster is in correspondence with my associate, Mr. Atsford; and will receive plants of this and many other N. A. Irises.

your kindly meant proposal. It is impracticable. I have never had the pleasure of meeting Dr. Palmer; a gentleman, who sometimes went out with him about Batopilas, told me he was very agreeable company. But one who has traveled with both Dr. Palmer and myself, whose advice I like to follow, when I can get it, has told me that it would never be best for Dr. P. and me to try to work together. Perhaps it was because he knew me well that he thus charged me.

Pardon me, and indulge me in this.

Yours faithfully,

C. G. Pringle.

Pringle, Cyrus G. 1887. "Pringle, Cyrus Guernsey Jan. 17, 1887 [Pringle to S. Watson]." *Cyrus Guernsey Pringle letters to Asa Gray*
