

Charlotte, Vermont.

13, April, 1889.

Dear Mr. Watson:

Would it be agreeable
to you, if I should send
you my ^{plants} ~~plants~~ for deter-
mination in lots of 100
or so throughout the summer?

Again, if you study my last-
sending before long, I shall
try to receive the list in the
field to guide me to the securing
for parts of the plants of most-
interest. I hope the weather
will favor my working first-
in the Sierra Madre south of
Montezuma; if it does, I shall be
long with you from there.

Yours faithfully,

C. G. Pringle.
