Providence, R.I., Apr. 7, 1900

Dear Dr. Robinson:-

I am very much surprised that we should have but a single specimen of Arenonella in the B.W. Herb. from R.I. and that labeled just "R.I." in Alveys handwriting, and what is still more surprising I can find not even one specimen of Viola pedata from R.I.

In my own Herbarium - I have the following

- 1- Arenonella thalix. Banks of Woonasquatucket River
Greystone, Johnston, R.I. May 30, 1892. J.F.C.
- 2- Arenonella Miller's Falls, Mass. S.H. Leland
- 3- Viola pedata Valley Falls, Cumberland R.I. May 29, 1892. J.F.C.
- 4- " " Near Dyerville Johnston, R.I. May 1884. "
- 5- " " Arcade Woods. Seekonk, Mass. May 30, 1885. "
- 6- " " Banks of Pawtuxet River. Cranston, R.I. May, 1884. "
- 7- " " (petals pure white) Near Ten Mile River. E. Providence, R.I.
May 10, 1891 J.F.C.

Cordially.

J. Franklin Collins.
