

SMITHSONIAN INSTITUTION
UNITED STATES NATIONAL MUSEUM
WASHINGTON, D. C.

November 2, 1926.

Mr. Charles Schweinfurth,
Botanical Museum of Harvard University,
Oxford Street, Cambridge, Massachusetts.

Dear Mr. Schweinfurth:

In response to the request contained in your letter of October 30, the Museum is forwarding, as a loan, the two specimens of Sobralia epiphytica. I trust these will reach you promptly.

Recently I have been making good progress with the Flora of the Canal Zone, and I hope to have it ready for publication within a few weeks. The systematic part is completed, and I am working now upon the introduction.

I was very sorry not to have seen you last August when Blake and I were at the Museum one afternoon.

Very truly yours,

Paul C. Standley
Associate Curator,
Division of Plants.
