

January 11th. 1923.

I am sorry to be unable to help you with a list of the orchids of Salvador. My herbarium is very weak in its representation of Salvadorean material, although much stronger than any other through the collections made by yourself and Dr. Calderon. Schlechter reported only thirteen species from Salvador. I find that he refers to the following in the body of his compilation:

Ames, Oakes. 1923. "Ames, Oakes Jan. 11, 1923 [to P.C. Standley]." *Oakes Ames Orchid Herbarium correspondence files*
