

FIELD MUSEUM OF NATURAL HISTORY

ROOSEVELT ROAD AND LAKE MICHIGAN

CHICAGO

September 21, 1938

Dear Mr. Ames:

About two weeks from now, I hope to turn in for printing the fourth and final part of the Flora of Costa Rica. I hope especially to be able to read proof on it before leaving--November 16--for Guatemala.

At the end of the part there will be a list of additions and corrections, covering the whole volume. Of course, I have references to the new species you have published recently from Costa Rica. If you have kept and have easily available any other records of additions to the Costa Rican orchids, I should be glad to have them for inclusion. Probably it will be somewhat more than two weeks before the additions are needed, perhaps twice that long, so there is no need for undue haste in preparation of the list.

Sincerely yours,

Paul Standley

Standley, Paul Carpenter. 1938. "Standley, Paul Carpenter Sept. 21, 1938 [to O. Ames]." *Oakes Ames Orchid Herbarium correspondence files*
