

## HACIENDA LAS CONCAVAS

CARTAGO: APARTADO 32

COSTA RICA, C. A.

August 8. 1915.

My dear Amc.

Just a hurried note with some wretched pictures, only one passable in the four.

With an Amcless mail at box 32 today no responding thrill greeted my turning of the key, you have been so extraordinarily kind in writing, tho' I could still dare to stir you with questions, and even little concerns seem so very big.

I am very ashamed of my lack of power with the Graphlex, yet in its present sorry mood will ask you to condone my ill success -

The few #0 from Estralla showed so on their way to you next week, tho' you may be off to Egypt or Patagonia at this season of the year.

Note the Marsdenallia - at the right hand is my idea of M. calura, this plant is from Ecuador - western ridges of Potos, & is most distinctly not M. Rolfeana, in this latter of the upper sepel Fair is vertical & not correct.

Salaam. affendi.

Yours very sincerely

C. H. Lankester.
