

August 5, 1941

Mr. C. H. Lankester
Las Concavas
Cartago, Costa Rica

Dear Mr. Lankester:

I have gone through the herbarium today trying to match the specimen of Stelis which you sent me in your last letter. So far as I am able to tell, it is a new species allied to Stelis transversalis.

I wonder if you could send us the complete specimen of it for the herbarium so that I may go over it more carefully with the complete specimen in hand before it is described.

With my regards, I am

Sincerely yours,

LOW:LHS

Williams, Louis O. 1941. "Williams, Louis O. Aug. 5, 1941 [to C.H. Lankester]."
