My dear Dr Kennedy

Your letter of Tuesday is at hand. We are so sorry not to have heard before of your being in Wallingford. As it is, we should be glad, if you could come up with Mrs. Kennedy tomorrow, & go down from here to Boston. My two daughters Alice & Bertha (Mrs Adams) with her two children are now with us, but Mrs. Kennedy could have just as much rest and comfort as she needs. Besides, my visits are in fine condition, & are presenting many fascinating problems. Then, too, we have many beautiful dives.

Thank you for your kindness in asking me to stay with you, while I am working at Cambridge. I shall be most happy to stay a night or two; but other plans will interfere with my remaining much longer. I want to do all I can at Cambridge, as I have been asked to prepare the Violaceae, for the new No Am. Flora. I want to see how hard a task the Pacific Coast species are, before accepting. Kindest regards from Mrs. B. & myself to you both.

Yours faithfully
Ezra Brainerd
