

Farmington Maine

Oct. 18, 1911.

Dear Grandfather -

I was very sorry not to see you before I left for school. The Sunday before school started, Mother, Piscilla, and my self took dinner with Auntie and in the afternoon with Piscilla I went out and saw Uncle Hal and Aunt Francis.

I enjoy my school work very much this year and for the last

week 9 had eighty-nine for an average in scholarship. In Latin our class was a little backward last year, but this year we are making up for lost time by going through the first year book again and through twelve chapters of the first book of Caesar & by the Christmas vacation.

It is getting quite frosty up here now and I should not be greatly surprised if we had skating in a few weeks. All the leaves are off and it seems as if it were a good time for partridge hunting. I think I will go after a few next Monday if I can.

As it is time for bed I must close now. Love to all George.
