

Walden Feb. 18. 1910.

Dear Dr. Kennedy.

The box has arrived safely: I have not yet opened it, having been very busy the last few days.

I very much appreciate your kindness; and apart from my being the beneficiary of it, I can appreciate you wish to have a thing that is valuable to those who understand it, but of no use to others, come into possession of the former, rather than the latter.

While I hope to do a good many years work yet, I find myself obliged to cut out some lines in which I have taken more or less interest,

and where I have had something
that might be of use to a worker
in that special line. I have tried
to place it where it would be of
such use. Of course there has been
nothing of the same scale as this
gift of yours.

So once more, thanks and good
wishes, and the hope that we may
meet at many future meetings
of the Botanical Club.

Very truly

Frank S. Boggs.
