

became of them, possibly  
Herb. Lullinrant may  
have some of the  
missing numbers.

You see that we really  
have a lot of good  
things.

Rodney H. True, who  
has worked up *Dicranum*—  
num and its allies is  
to be in Cambridge next  
year and as the  
Lullinrant and James  
things are to be moved  
to the museum soon I  
wish that he could spend  
some time in arranging  
them. He is supposed  
however, to study this <sup>order</sup> ~~order~~

M. G. Farlow

are you going to Columbus?  
Tell me. Cambridge  
Aug. 16.  
1899.

Dear Doctor,

I have been  
home about three  
weeks after a very  
pleasant trip inclu-  
ding a sight of  
the sea serpent!!!  
on my return voyage.

I am much  
obliged for the  
copy of your paper  
from *Rhodora*.

We have a lot of  
good sets of mosses  
ordered before I left,  
viz.; Deligne & Granet

Les mousses de  
l'ardennne 250 sp.;  
Litto. Les hépatiques  
de l'ardennne 60 sp.;  
Brebisson. mosses  
de Normandie 200 sp.;  
Drummond. Musci  
Scoticii, 200 sp.;  
Hartman Bryaceae  
Scandinavicae 450 sp.;  
Lindberg Hedewicus  
& Lilles Musci Suecicæ  
200 sp.; these are

complete. Also Gottsche  
& Rabenhorst 630 sp.  
complete except decades  
1, 2, & 34.; and Rabenhorst  
Bryothecæ Europaæ,  
350 sp. this set is  
not complete but  
still valuable.

Besides these  
Murray of the British  
Museum writes that  
he has sent me the  
second set of Wilson's  
mosses, <sup>4982A</sup> complete  
except nos. 272-315,  
which numbers do  
not appear in any  
set and it is not  
known whatever

Farlow, W. G. 1899. "Farlow, William G. 16 Aug 1899." *George Golding Kennedy correspondence*
