AND STATE AGRICULTURAL COLLEGE.

BOTANICAL LABORATORY,
WILLIAMS SCIENCE HALL.

Burlington, Vt., Dec. 19 1896

Dr. G. S. Kennedy,
Readville, Mass.

Dear Mr. Kennedy - Our Vermont Botanical Club holds its annual winter meeting in Burlington Feb. 5 & 6. As Secretary I would extend you an invitation for the Club to join us at this time and sincerely hope that it may be possible for you to do so.

Our winter meeting is primarily given to the reading & discussion of papers upon botanical subjects. I have dared to hope that we might induce you to prepare a paper to be read at this meeting upon the flora of L. Milloughby region, or

a similar topic. Will you not consent to do this? It would be of especial interest if you could at this time inasmuch as it is probable that our next field meeting - July 1897 - will be held at L. Millenburgh.

President Brainerd assured me a few days ago in conversation regarding our program that he hopes to see ^{you} during the holidays & if so I trust that we may receive at that time, if not before, your consent to this matter.

I take the liberty of inclosing a list of the Vermont desiderata of our herbarium in the hopes that you have duplicates of some of these species.

Very yours L. R. Jones.

Jones, L. R. 1896. "Jones, Lewis R. 19 Dec 1896." *George Golding Kennedy correspondence*
