UNIVERSITY OF VERMONT
AND STATE AGRICULTURAL COLLEGE

BOTANICAL DEPARTMENT

Burlington, Jan. 24, 1904,

My dear Dr. Kennedy - I regret that
you & Dr. Robinson could not have
attended the recent meetings. They
were certainly the best we have had
to date. Thanks to your very generous
contribution - which I hereby acknowledge -
and several smaller ^{ones} from others of our
members the deficit was met. We
profited much from Dr. Hous' lecture
which like that of Dr. Robinson two
years ago brought a fresh breath into
the program & added a dignity to the
gathering. It seems to me eminently
desirable to have such outside help
from time to time. I am glad to
report also that Bro. Brainerd & I
by a little judicious advertising
secured several new subscribers
for Rhodora. I am impatient

To see the next number with Mrs.
Brainerd's article on Violets.

Your mention of botanizing in
Great Britain leads me to say that I
hope to have a bit of that next summer
since Mrs Jones & I hope to be in
Europe April-Sept. next. I leave
here July 1 to remain ^{away} until autumn.

I regret to learn of Mrs. Kennedy's
illness. Please extend to her the
sympathy & best wishes of Mrs. Jones & myself.
We are both quite well & I am glad
to add that Mr. Bingle returned last
month in greater vigor than on either
of the two preceding years.

Yours sincerely
L. B. Jones

I ordered papers sent you. You
will find accounts of meetings on
the middle page (p. 6) of each.

Jones, L. R. 1904. "Jones, Lewis R. 24 Jan 1904." *George Golding Kennedy correspondence*
